## ABOUT ME

Software Engineer with 4+ years of experience in remote/hybrid full stack development, background in quality assurance. Diligent, customer centric with an eye for detail. Looking to make a positive impact by building impactful tools in an environment that promotes mentorship and collaboration.

## EDUCATION

### WESTMONT COLLEGE

2016-2020

Bachelor of Science in Data Analytics  
Minor in Computer Science  
Minor in Spanish

## WORK EXPERIENCE

### SOFTWARE ENGINEER

HG Insights (2022-2025)

Improved platform user management experience by building a user management internal web app. Optimized customer-facing big data queries by restructuring database schema and queries, and built a parity tool to verify query quality and speed. Improved user experience and ROI visibility by creating a user settings and library page. Participated in knowledge sharing via documentation, cross-team collaboration, and on-boarding mentorship.

## TECH SKILLS

### PROFICIENT

- SQL | Postgres
- Elixir | Java
- Javascript | Typescript
- React | Node
- GraphQL | REST
- GitHub | Docker

### FAMILIAR

- Kubernetes | Argo
- Snowflake | ClickHouse
- AWS | Okta
- asdf | bash

## SOFT SKILLS

- Communication
- Collaboration
- Adaptability
- Empathy

### ASSOCIATE SOFTWARE ENGINEER

HG Insights (2021-2022)

Increased market share and ARR by surfacing new high-value data type to customers through data visualization and deliveries. Accelerated developer experience by consolidating data sources and rebuilding customer application architecture in modern technologies. Supported customer self-serve data deliveries by maintaining and improving legacy APIs.

### ASSOCIATE QA ENGINEER

HG Insights (2020-2021)

Ensured quality across the product through end-to-end test automation, executing and vetting code and data deployment, and manual testing. Advocated for exceptional customer experience, technically onboarded mid-level QA.

### SALESFORCE DEVELOPER

Westmont College CATLab (2018-2020)

### INTERN

Salesforce Developer - Appfolio (2019)

Information Technology - Outside Open (2019)
